2021 Essential Cybersecurity Law

Spencer Fane attorney [Shawn Tuma](#) recently presented at the University of Texas School of Law CLE webinar, covering cyber attack response and the recovery process.

Titled “Ransomware Response and Recovery Efforts,” the panel discussion focused on ransomware attacks, including how they are becoming more sophisticated and occurring more frequently. In a “tabletop exercise,” Shawn explained best practices, legal challenges, and response and recovery tactics.

At Spencer Fane, Shawn helps businesses protect their information and protect themselves from their information. He represents a wide range of clients in dealing with cybersecurity, data privacy, data breach and incident response, regulatory compliance, computer fraud-related legal issues, and cyber-related litigation. Shawn is a thought-leader in cybersecurity and is often an invited speaker at local, regional, and national events.
