Annual MLK Day Virtual Event

In honor of Dr. Martin Luther King Jr., Spencer Fane Bone McAllester is proud to present our Annual MLK Day Fellowship Breakfast.

Please click here to access the virtual event.

This year marks the 21st MLK Fellowship Breakfast in the Nashville office, and we are excited to continue this annual tradition.

The event celebrates Dr. King's legacy through the opportunity to engage with each other and recall and continue his work towards his global vision, Beloved Community. The vision centers on human decency not allowing for poverty, hunger, or homelessness; sustaining a spirit of sisterhood and brotherhood that replaces discrimination, bigotry, and racism; and striving to build a society where justice prevails over war and conflict to progress social justice in our communities.

Although the Fellowship Breakfast is exclusively a virtual event this year, we look forward to our usual in-person format in 2023.
