Continued Growth at Spencer Fane Through the Pandemic Featured in Bloomberg Law Article

Bloomberg Law recently published an article detailing the Spencer Fane growth model and recent gains in revenue — a trend that continued during the pandemic. The article, titled “Spencer Fane Adds 10 Lawyers to Avoid Pandemic ‘Survival Mode,’” highlights the recent addition of a lateral group of insurance litigators in Denver as evidence of the firm’s continued commitment to growing in alignment with client needs.

“We didn’t want to simply weather the storm or be in survival mode,” Spencer Fane Chair [Pat Whalen](#) told *Bloomberg*. “We wanted to continue to build out our long-term strategic plan.”
