

Health Law Navigator: Price Transparency and No Surprises

January 14, 2026

12:00 pm - 1:00 pm

The Centers for Medicare and Medicaid Services (CMS) have rolled out their audit and investigation programs for the CMS price transparency requirements and No Surprises Act. These audits and investigations are highlighting the need for providers to be able to distinguish between three overlapping requirements – transparency, out of network billing, and good faith estimates to ensure that each rule is followed within its applicable scope. Spencer Fane attorney [Stacy Harper's](#) presentation will walk through the applicable requirements and provide practical guidelines to prepare for an audit.
