# Jessica Merrigan Recognized as Law Firm Leader by Missouri Lawyers Media

Spencer Fane attorney Jessica Merrigan was recently recognized as a 2024 Law Firm Leader by *Missouri Lawyers Media* (*MLM*) for her work as an accomplished partner and co-chair of the firm's Environment and Energy Practice Group.

The award is granted to chairpersons, managing partners, or other law firm executives who exemplify innovation, vision, and leadership in their practice. Jessica's deep roots in environmental law and admirable leadership qualities have guided both her practice group members and clients through environmental regulatory requirements at the state, local, and federal levels.

In addition to her Law Firm Leader award, *MLM* highlighted Jessica's 2023 Women's Justice Award and 2012 Up & Coming Award, a testament to her ongoing influence in environmental law.

Jessica was formally recognized alongside fellow Spencer Fane *MLM* honorees Leslie Greathouse and Kersten Holzhueter at a February 15 awards ceremony at the Missouri Athletic Club in St. Louis. Spencer Fane was notably the only firm with more than two honorees.
