## Linda Knight Named to Law Week Colorado 2026 Top Women List

Spencer Fane is pleased to announce attorney [Linda Knight](#) as a *Law Week Colorado* 2026 Top Women awardee.

One of only five female law practitioners chosen for this honor, Linda is recognized for her influential insurance litigation practice and commitment to mentorship and inclusion. In addition to highlighting her legal work, numerous leadership roles, and focus on empowerment, her Top Women profile spotlights one of her favorite aspects of her career: “the constant learning.”

“Every case I have, I’m learning something different. If it’s a products liability case, I’m learning about the product. If it’s a property case, I’m learning about building systems. If it’s a transportation case, I’m learning how 18-wheelers work,” she said. “It’s a constant learning experience, and it’s never boring.”

At the firm, Linda helps insurers and their insureds successfully resolve complicated first- and third-party litigation to minimize potential exposure when stakes are high. She also serves as Chair of Spencer Fane, Women ADVOCATE. In this role, Linda helps facilitate the connect group’s mission to promote the recruitment, retention, and advancement of all professionals in the firm.
