Ron Fano Highlights Recent Denver Growth in Law360 Article

Spencer Fane attorney [Ron Fano](#) was recently featured in a *Law360* article about the firm's growth in the Denver market.

Titled, "300 Days Of Sun: Why Denver Became A Mid-Law Boom Town," the article discusses how Spencer Fane has expanded its legal services by adding over a dozen attorneys to the Denver office in 2021.

"The Denver economy has been the main driving factor," Ron explained in the article. "Our growth strategy is client-driven and need-driven. Colorado has for many years been a booming economy with a lot of real estate development and companies coming into the market, which have really driven our growth."
