Shawn Tuma Discusses AI for TexasBarCLE Ethics Session

Spencer Fane attorney Shawn Tuma co-led a session at the TexasBarCLE's 19th annual Advanced Real Estate Strategies Course on December 11, 2025 in Fredericksburg, Texas.

Held in-person over two days, the educational program provided up to 10.5 hours of MCLE credit to attendees. Shawn joined Peter S. Vogel of VOGEL IT Law for the presentation, Strategies for the Ethical Incorporation of Technology in Your Practice – Part 1: What is AI? The presentation explained the ins and outs of artificial intelligence, setting the stage for a follow-up session on how to use the technology responsibly in a legal practice.

Shawn's session and all others will be available as a webcast replay on February 3-4.

Shawn co-leads the Spencer Fane Cyber | Data | Artificial Intelligence | Emerging Technology Practice Group while serving as Office Managing Partner for the firm's Plano, Texas, office. In addition to these leadership roles and extensive thought leadership throughout the industry, he maintains a robust law practice that helps a wide range of clients navigate cybersecurity, data privacy, data breach and incident response, regulatory compliance, computer fraud-related legal issues, and cyber-related litigation. Increasingly, Shawn also advises companies on the legal, ethical, and operational governance of AI systems. He assists in the design and implementation of AI governance programs that align with evolving U.S. and international laws, standards, and frameworks; evaluates AI systems for transparency, accountability, and fairness; and integrates AI controls into broader cyber and data governance programs.
