Shawn Tuma Discusses Cybersecurity on The Above Board Show

Spencer Fane attorney [Shawn Tuma](#) recently provided insights during three episodes of The Above Board Show covering cybersecurity, data breach response tactics, and risk management.

During Episode 14, he provided an overview of cybersecurity, including the data breach life cycle, incident response process, and the importance that board members are cyber-informed.

In Episode 16, he focused on cyber risk management and best practices for board executives to ensure preparedness. During Episode 17, Shawn explained crisis management and how to handle cyber threats when they arise.
