Shelby Menard Talks Cybersecurity Incident Response at Collin County Bar Association Meeting

Spencer Fane attorney [Shelby Menard](#) served as a guest speaker at the Collin County Bar Association's Small Firm and Solo Practitioner Section Meeting on May 22 in Frisco, Texas.

During her presentation, Ransomware Incident Response Timeline, Shelby discussed the necessary tasks and chronology for responding to a ransomware attack. She also addressed key considerations in advising clients on the process of recovery and investigation.

The Collin County Bar Association is the largest bar association serving the legal community practicing in and around Collin County, Texas, which includes Frisco, McKinney, Allen, and Plano, among numerous other small communities. The organization works closely with the judiciary and local leaders in Collin County to create a professional, cordial, and efficient relationship with the court system for all practitioners.

At Spencer Fane, Shelby is a member of the Litigation and Dispute Resolution and the Data Privacy and Cybersecurity groups in the firm's Plano office. She assists her clients through the litigation process in a wide range of commercial litigation cases and also regularly coaches businesses through complex data incidents and privacy compliance issues.
