SpencerFane®

Spencer Fane Among Arizona's Most Admired Companies

Spencer Fane is humbled to announce the firm's inclusion in *AZ Big Media's* list of Arizona's Most Admired Companies of 2025.

Arizona's Most Admired recognizes "organizations that lead with innovation, integrity, and impact" through demonstrated "excellence in workplace culture, leadership and community involvement" that advances success in Arizona. Following a nomination and selection committee process, the publication identified this year's most accomplished and influential companies across a wide range of markets.

Spencer Fane – which will be formally celebrated alongside other honorees at the October 9 awards dinner – earned this distinction for its unique approach to serving the firm's clients, colleagues, and communities. Not only has the firm's innovative strategy and core value-centered culture made Spencer Fane one of the highest-performing firms nationally in workplace excellence, client satisfaction, and growth, but the firm continues to add value across multiple spheres. The firm's Phoenix location, led by Office Managing Partner David Funkhouser, demonstrates this success through continuing to expand its talent pool, client markets, and commitment to community stewardship.
