## Spencer Fane Co-Sponsors Soccer Team with Tampa Electric

Spencer Fane is proud to collaborate with firm client Tampa Electric in sponsoring a Tampa Bay Club Sport soccer team for the fall 2023 season. Attorney [Josh Podolsky](#) organized this sponsorship and [Marissa Milazzo](#) serves as a player on the team, Soccer Club FC.

Soccer Club FC, a co-ed soccer league team, didn't give up a single goal during its first two games. The team remains undefeated as of their fourth game with two wins and two ties. Marissa – a former Division I soccer player – and her teammates look forward to continuing this momentum throughout the rest of the season.

Tampa Electric, one of Florida's largest investor-owned electric utilities, is committed to clean, affordable, always-on electricity that is delivered with excellence, innovation and world-class safety. Over the past 120 years it has grown to more than 830,000 customers, remaining focused on continuously evolving to meet the needs of the communities it serves.

At Spencer Fane, Josh regularly represents buyers, sellers, investors, developers, utility companies, general contractors, and financial institutions in real estate matters. Marissa is a transactional attorney who also focuses primarily on real estate transactions and corporate matters.
