Spencer Fane Continues Trajectory as Fastest-Growing Law Firm on AmLaw 200

Once again Spencer Fane retained its position as the fastest-growing law firm, with the largest percentage revenue increase of any firm over a five-year period, in the recently released AmLaw 200 list, the industry's top ranking published by *The American Lawyer*.

Spencer Fane moved up the list to #133 on the recently released AmLaw 200 as the firm continues a trajectory of double-digit revenue growth each year since joining the ranking in 2019. This is part of the firm's growth strategy designed to meet the increasing needs of clients in key markets across the nation.

The American Lawyer recently spotlighted the firm's new "shared leadership approach" in a feature article that outlined how and why the firm transitioned away from the traditional top-down, command-and-control hierarchical structure in favor of a model that intends to nurture a culture of empowerment, autonomy, and accountability. In late 2024, *The American Lawyer* also named firm Chair Patrick J. Whalen as a 2024 Managing Partner of the Year finalist for the organization's annual Industry Awards.

"A look at the firm's growth and strategy is a case study on how a law firm can add market share, climb the rankings, and grow profits, all at the same time," *The American Lawyer* reported at the time.
