Spencer Fane Serves as 2023 Partner for Minnesota Women Lawyers

Spencer Fane is proud to sponsor Minnesota Women Lawyers (MWL) by serving as a 2023 Bronze Partner. Attorneys Karen Olson, Ariel Lierz, and Johanna Hyman are MWL members who represent the firm at events such as the association's 51st Annual Meeting Workshop & Luncheon on May 12.

As a Bronze partner, the firm asserts its full dedication to the MWL mission of advancing the success of women lawyers and striving for a just society. Spencer Fane collaborates with the organization by participating in its Partnership Leadership Council, promoting its initiatives, and attending events such as the Annual Meeting.

The MWL Annual Meeting is an in-person gathering featuring CLE programming and a celebratory lunch. The event highlighted 2022 MWL achievements, introduced the association's FY23-24 Board of Directors, and recognized 2023 Annual Award recipients. In addition to Karen, Ariel, and Johanna, firm attorney Jack Amaral also attended.

MWL is an association of more than 1,200 attorneys, judges, law students, legal employers, and others. Since its inception in 1972, MWL has provided opportunities for members to develop as leaders, network with other attorneys, and have an impact on their communities by fostering greater satisfaction within the profession.
