Spencer Fane Sponsors 2024 Women of Impact Luncheon

Spencer Fane was pleased to be a silver sponsor for Notre Dame High School's 2024 Women of Impact Luncheon on October 11. Attorneys Maria Bellafronto, Jennifer Coleman, Elaisha Nandrajog, Sonia Shah, Helene Simvoulakis-Panos, and Ginger Sotelo attended the San Jose, California, event.

Now in its 16th year, this fundraiser honors women for their vision, commitment, and leadership by highlighting their important roles in the San Jose community. The luncheon helps fund tuition assistance and additional opportunities for young women to pursue leadership programs and advanced classes. Through such support, more young women receive preparation for engagement and leadership in careers and fields where they are historically underrepresented.

By supporting institutions such as Notre Dame High School, Spencer Fane is proud to breathe life into the communities in which the firm is immersed. In addition to organizing sponsorship opportunities, many firm professionals serve in community leadership roles and actively participate in organizational boards, volunteer programs, and other philanthropic endeavors.
