
Spencer Fane Charitable Giving in Kansas City

Supporting Innovative Arts Organizations

Thank you for your interest in the Spencer Fane Charitable Giving Program in Kansas City. We aim to provide significant support to select local nonprofit arts organizations through a \$50,000 donation to each over the course of three years. The program has been designed as a rotation so that one new recipient will enter the program each year with another exiting upon completion of its three-year cycle. This application is for the 2018 recipient in Kansas City.

Our primary goal for the program is to encourage long-standing relationships with nonprofit organizations and provide our employees with additional opportunities to become involved with the firm's causes. We seek to support opportunities that meet the firm's core philanthropic objectives:

- *Impact:* Concentrate charitable contributions to have maximum impact on select causes within the community.
- *Relationships:* Create opportunity to grow long-lasting relationships with organizations in the community.
- *Involvement:* Develop partnerships that allow our attorneys and staff an opportunity to become active participants in the nonprofit community.
- *Commitment:* Demonstrate the firm's commitment to each cause by dedicating resources over a three-year period to each organization selected for the program.

Criteria for Kansas City Recipient Selection

- Organizations that focus on the arts in Kansas City.
- Organizations in which the Spencer Fane commitment will have a significant impact to their respective cause.
- Organizations that provide our firm unique and creative ways to be involved in their cause.
- Organizations that provide opportunity for Spencer Fane attorneys and staff to be involved as board members, committee members and/or volunteers.
