

STARTUP Lab

Spencer Fane LLP and its attorneys are passionate about fueling innovation and fostering startups, emerging companies and innovators in the Kansas City area. The Spencer Fane **STARTUP Lab** allows us to encourage and nurture the entrepreneurs and innovators behind those efforts. This program gives true business startups access to an experienced platform and full suite of legal services that will nurture innovators at their most vulnerable stage. Our attorneys draw on their business experiences, know-how, and contacts to help you make dreams a reality.

To be considered for the Spencer Fane **STARTUP Lab**, your company must be beyond the idea stage and at least 6 months old. Ideally, we are interested in businesses that are mature enough to benefit from our services. Acceptance into the Spencer Fane **STARTUP Lab** includes 3 months of free legal consultation, access to firm resources, and mentoring.

If accepted, the program includes:*

- Legal consultation for three months
- Entity Formation + Preliminary Operating/Shareholder Agreement
- In-house Trademark Consultation
- In-house Patent Consultation
- In-house Copyright Consultation
- Business Plan development
- Preliminary Package of Operational Forms including Non-disclosure Agreements, Non-compete Agreements, Non-solicitation Agreements, Employee Offer Letters, and other related agreements
- Preliminary sales forms including sales contracts, license agreements and end-user agreements
- Employee Manual and Human Resources Forms

** Spencer Fane reserves the right to provide or not provide any legal services to the selected company.*
